- Alexa compatibility
- Wireless outdoor sensor (RS9423T or RS10421T compatible)

Wireless Outdoor Sensor RS9055OUT

OFFER SIMPLE, POWERFUL COMMAND—FAST

A wide spectrum of control

This line of non-programmable, programmable and WiFi models suits nearly any single- or multi-stage heating and cooling system.

User-friendly design

Large, easy-to-read blue backlit displays and simple programming menus make these units easy to navigate and operate. Adjustable temperature differential (swing) and other functions put owners in control.

Easy installation

With features such as universal sub-bases, these units install quickly and give owners comfort control in no time.
